Swachh Bharat Summer Internship Programme

स्वच्छता ही सेवा

 Swachhata Hi Seva
एक कदम स्वच्छता की ओर

Acknowledgements

We are thankful to the Principal Dr. R. David Kumar Swamy, for motivating us to do this programme.

We are specially thankful to our commanding officer of 18 (A), BN NCC , Col. Monish Gour who always think about the welfare of the cadets.

We are also thankful to our ANO Lt. Esub Basha Shaik for supporting and guiding us to complete this task.

We are also thankful to the UGC for conceiving such a wonderful community Service Programme.

Our special thanks to the Executive Officer, Pidimgoyyi Municipal Office for his cooperation during this program.

Finally we thank all our fellow cadets who are with us in this programme and helped us wherever their help is needed.

List of activities done in this internship camp.

S No	Name of the Event	No. of Hours Spent
1	Door to door visits.	10
2	Conducting village / school level rallies	10
3	Wall paintings	18
4	Waste collection drives	10
5	Segregation of solid waste	6
6	Development of compost pits	18
7	Transportation of household waste	16
8	Street cleaning, drain cleaning, cleaning of back alleys	12
	Total	100

1. DOOR TO DOOR VISITS.

The household waste in the houses were mostly collected by the Municipal corporation workers but the people living in the outskirts of the village couldn't get that facility of throwing waste in the respective places and those people are also not aware of what diseases that may spread due to dumping of waste material. As part of this awareness camp people were told about epidemic diseases and made them to draw the household waste into one respective dustbin which was daily cleaned by municipal corporation workers and also about the washrooms construction in their houses. People are more likely going to the outside sanitary uses but due this program awareness was created among them and the harmful factors about the sanitary outside.

NUMBER OF HOUSEHOLDS VISITED: 15

NUMBER OF PEOPLE: 23

NUMBER OF HOURS SPENT: 10 hrs

2. CONDUCTING SCHOOL LEVEL AND VILLAGE LEVEL RALLIES.

Series of rallies were conducted by the students of the College with the help of local Government school children while they were swinging the placards written in the local language understood by the people easily and they shouted slogans in order to spread awareness and get their attention quickly to us and reach our message to them. With the help of panchayat office members we conducted rally wide spreaded all over the village. People lived there also planted trees near their houses.

NUMBER OF RALLIES: 5

NUMBER OF PEOPLE: 150

NUMBER OF HOURS: 10 hrs

3. WALL PAINTINGS.

The wall paintings drawn by us attracted most of the villagers and created awareness about the Swachh Bharat act driven by our Government. We explained about the camp and benefits to them by drawing paintings on the wall and we also made drawings in the school where all the little children could go through those little kiddy paintings which attracted children to read those matter on the paintings. School Teachers also cooperated with us and allowed their children to help in the paintings and get into this matter.

NUMBER OF WALL PAINTINGS: 5

NUMBER OF PEOPLE: 10

NUMBER OF HOURS: 18hrs

4. WASTE COLLECTION DRIVES.

The waste collection scheme was far more benefited us to spread awareness to the villages and workers in construction of buildings. We collected waste from houses and told them about the diseases of storing waste in home or throwing it in surroundings and also told the workers who keep on throwing waste at near sight other than the workplace. This waste collection drives scheme helped in maximum number of people and educated them about the cleanliness.

NUMBER OF HOUSEHOLDS/PUBLIC SPACE WASTES COLLECTED: 28

NUMBER OF PEOPLE: 30

NUMBER OF HOURS: 10 hrs

5. SEGREGATION OF SOLID WASTES:

Segregation of solid waste helped most of the people to know about the diseases of storing waste and throwing it just outside the houses. We segregated all the solid waste to one place where there is empty place far to people by municipal vehicles with the help of EO and by doing that we told them the benefits of doing that thing and be clean. We removed the heavy stones which were thrown at the sided of the streets and gathered at a place.

NUMBER OF SEGREGATION DEMONSTRATIONS: 3

NUMBER OF PEOPLE: 20

NUMBER OF HOURS: 6hrs

6. DEVELOPMENT OF COMPOST PITS.

While doing this we need some area to construct the pits. The Executive Officer of the Pidimgoyyi village had helped in drawing the pits and we have done it with the help of the villagers. Compositing is good for several reasons: It saves water by helping the soil hold moisture and reduces water Runoff. It benefits the environment by recycling organic resources while conserving landfill space. We told the villagers the advantage of having pits and motivated them to have more compost pits in their locality.

NUMBER OF PITS DUGGED: 2

NUMBER OF PEOPLE: 20

NUMBER OF HOURS: 18hrs

7. TRANSPORTATION OF HOUSEHOLD WASTE:

The transportation of household waste, i.e., waste disposal is a regular practice in the village. However, as part of this Swatch Bharat Summer internship programme, awareness was created among the villagers about the effect of dumping waste material in and around dwelling areas. They kept time for us and had enough ability to understand what we're going to convey them. The villagers also involved in collecting the household waste from each other's home and threw in the given dustbins provided at the end of the street

NUMBER OF HOUSES: 35

NUMBER OF PEOPLE: 45

NUMBER OF HOURS: 16 hrs

8. STREET CLEANING, DRAIN CLEANING, CLEANING OF BACK ALLEYS.

These activities made all the villagers and the workers know about the safety of their health and we explained them that we need to keep the roads and drains clean so that there are very less chances of getting sick as well as spreading of epidemic diseases because of the waste on the road and drains. An awareness is also created among the villagers about the cleanliness and the lack of which may cause a lot of health disorders and how the children will be more susceptible for epidemic diseases.

NUMBER OF DRAINS, STREETS, ALLEYS: 8

NUMBER OF PEOPLE: 10

NUMBER OF HOURS: 12hrs
