ONE DAY MOOC'S SENSITIZATION WORKSHOP

A Massive Open Online Courses (MOOCs) Sensitization Workshop was organized on 10-02-2025 at Digi Hub, aimed at creating awareness and understanding among faculty members, about the advantages, structure, and utility of MOOCs in modern education. The workshop was part of an initiative to integrate digital learning platforms like SWAYAM, NPTEL, Coursera, edX, and others into the academic framework.

Objectives:

- To introduce the concept and relevance of MOOCs.
- To familiarize participants with various MOOC platforms.
- To demonstrate the process of enrollment, participation, and certification.
- To encourage the integration of MOOCs into the teaching-learning process.
- To promote lifelong learning and skill enhancement.

Resource Persons:

Dr. D. Suneel Kumar, In charge of Computer Science department.

Brief Report:

The MOOCs Sensitization Workshop held on 10-02-2025 featured Dr. D. Suneel Kumar as the distinguished Resource Person. Dr. Kumar is a well-recognized academician and digital learning expert, known for his active involvement in promoting online education through platforms like SWAYAM and NPTEL.

In his session, Dr. Suneel Kumar provided a comprehensive overview of Massive Open Online Courses (MOOCs), highlighting their transformative potential in democratizing education. He shared insightful information on platforms such as SWAYAM, NPTEL, Coursera, and edX, demonstrating their relevance to students and educators alike.

His session covered:

- The evolution and impact of MOOCs on higher education.

- Step-by-step guidance on registering, attending, and earning certification through MOOCs.
- UGC guidelines on credit transfer for MOOCs and the role of faculty as course mentors.
- Strategies for incorporating MOOCs into the regular academic curriculum.

The workshop saw enthusiastic participation from over 49 faculty members from various departments. The hands-on sessions were particularly appreciated for their clarity and practical value.

Feedback:

Feedback collected from participants indicated a high level of satisfaction. Many expressed their intent to enrol in MOOCs and to promote the same within their departments. Participants praised the informative content, interactive delivery, and practical demonstrations.
