

The Department of Physics & Electronics GC (A), Rajahmundry

A brief Report on Guest Lecture by

Sri V Bhimeswara RaO, Retd Physics Lecturer & Homeopathist

Conducted on 30th June 2025

Date : 30th June 2025

Name of the Event : Guest Lecture

Topic : **Shaping the Future: Trends, Challenges, and Opportunities**

Name of the Resource Person : Sri V Bhimeswara RaO, Retd Physics Lecturer & Homeopathist

No of participants : 27

Objective : 1. To provide participants with an understanding of emerging trends and their impact on future career and societal development.
2.To encourage students to identify challenges and explore opportunities for personal growth and contribution to society.

Procedure : A circular/whats app message was sent to all UG and PG and students to attend the lecture.

Summary of the event :
A guest lecture was organized on 30th June 2025, on the topic “Shaping the Future: Trends, Challenges, and Opportunities”. The session was delivered by **Sri V. Bhimeswara Rao**, a retired Physics Lecturer and Homeopathist, who shared his insights and vast experience with the participants. The lecture highlighted the importance of adapting to global trends, overcoming challenges, and utilizing emerging opportunities in both professional and personal life. The session was highly interactive, with students actively engaging in discussions and clarifications.

Guest Lecture by **Sri V. Bhimeswara Rao**

Outcomes:

- Participants gained awareness of current global and local challenges shaping the future.
- Students understood the importance of adaptability, innovation, and resilience in personal and professional life.
- The lecture inspired participants to think critically about opportunities in their respective fields.

- The interactive session enhanced communication skills and confidence among the participants.
