

National Science Day Celebrations – Department of Zoology (26th – 28th February)

The **Department of Zoology** in our college enthusiastically celebrated **National Science Day** from **26th to 28th February**, with active participation from students, faculty members, and visitors from various institutions.

The celebrations began on **26th February** with an **Open Lab Visit**, where students from different colleges and schools visited the Zoology laboratories. The visitors were introduced to various specimens, models, and experiments, which helped in enhancing their understanding of biological sciences and sparked scientific curiosity.

The event was formally inaugurated by our respected Principal, **Sri Ramachandra R.K. Garu**, who delivered an inspiring message on the significance of National Science Day. He emphasized the importance of scientific thinking, research, and innovation in shaping the future and encouraged students to actively engage in scientific learning.

On **27th February**, the Department organized various **competitions** such as quiz, poster presentation, and exhibitions. Students participated with great enthusiasm and demonstrated their knowledge, creativity, and interest in Zoology and related sciences.

The celebrations concluded on **28th February** with a **Special Guest Lecture** delivered by a distinguished resource person, who enlightened the students on recent developments and career opportunities in science. This was followed by a **Prize Distribution Ceremony**, where winners of the competitions were awarded and appreciated.

The **Department In-charge K.Durgarao and all faculty members** actively participated in organizing the programme and guided the students throughout the event, ensuring its grand success.

Overall, the three-day celebration was highly successful in promoting scientific awareness, curiosity, and academic excellence among students.
