

FDP ON OPEN EDUCATIONAL RESOURCES

DEPARTMENT OF COMPUTER SCIENCE

GOVERNMENT COLLEGE(A) RAJAHMUNDRY

Faculty Development Program on Open Educational Resources

DEPARTMENT OF COMPUTER SCIENCE

GOVERNMENT COLLEGE (A) RAJAHMUNDRY

Organized by: Department of Computer Science, Government College (Autonomous)

Rajahmundry in Association with: Academic Cell and IQAC

Duration: 11-03-2026 to 12-03-2026

Participants: Faculty Members

Venue: Ambedkar Seminar Hall, Technosphere Lab

Resource Person: Dr. D. Suneel Kumar

No. of Participants: 67

Objectives of the Program

1. To familiarize faculty members with the concept and importance of Open Educational Resources.
2. To train participants in accessing and utilizing OER platforms effectively.
3. To encourage the development and sharing of educational content.

Outcome

1. Faculty members gained a clear understanding of Open Educational Resources and their importance in teaching and learning.
2. Participants developed the ability to access and use OER platforms such as Zenodo and CORE for academic purposes.

Brief Report

The Department of Computer Science, Government College Autonomous Rajahmundry organized a Faculty training program from 11-03-2026 to 12-03-2026. in association with the Academic Cell

and IQAC. The program aimed to create awareness among faculty members about the importance and effective utilization of OER in teaching and learning. In the current digital era, OER plays a vital role in providing accessible, flexible, and cost-effective educational resources. The program focused on equipping faculty with the necessary skills to access, use, and develop OER, thereby enhancing teaching effectiveness and promoting collaborative learning.

Day 1 (11-03-2026)

The program commenced with an introductory session on Open Educational Resources. The resource person explained the concept, features, and significance of OER in higher education. Special emphasis was given to the need for OER in the present digital learning environment. Faculty members were introduced to different types of OER such as open textbooks, lecture notes, and multimedia learning.

Day 2 (12-03-2026)

The second day focused on practical aspects of OER usage and development. The resource person explained Creative Commons Licenses and their role in enabling ethical sharing and reuse of educational content. Participants were introduced to various OER platforms such as Zenodo, Figshare. Demonstrations were provided on how to search, access, and download resources from these platforms. Hands-on sessions enabled faculty members to explore these tools and understand how to integrate OER into their teaching practices.

Conclusion

The Faculty Training Program on Open Educational Resources was effectively conducted and proved to be highly informative for the participants. The program successfully enhanced the awareness and skills of faculty members in utilizing OER platforms such as Zenodo, thereby supporting improved teaching practices and resource sharing.

Feedback

The participants expressed positive feedback regarding the program. They appreciated the relevance of the topic and the practical approach adopted during the sessions. The exposure to OER platforms and licensing concepts was found to be highly useful in improving their teaching strategies.
