

POSTER PRESENTATION COMPITION

TECH FOR NATION BUILDING

DEPARTMENT OF COMPUTER SCIENCE

POSTER PRESENTATION COMPETITION

Tech for Nation Building

Department of Computer Science
Government College (A) Rajahmundry

Date: 13-08-2025

Venue: Techno sphere Lab

Organizers: Department of Computer Science

No. of Participants:30

Objectives

1. To create awareness among students about the role of technology in nation building.
2. To encourage creativity and innovation through poster presentation.
3. To provide a platform for students to express ideas on contemporary technological advancements.

Outcomes

1. Students gained a better understanding of how technology contributes to national development.
2. Participants enhanced their creativity, presentation, and communication skills.
3. The event promoted innovative thinking and increased student engagement in academic activities.

Report:

The Department of Computer Science, Government College (Autonomous), Rajahmundry, organized an Independence Day Celebration Event in the form of a *Poster Presentation Competition* on 13th August 2025 at 11:00 AM in the Technosphere. The event was conducted to commemorate 78 glorious years of India's independence and to instill a sense of patriotism and responsibility among students.

The theme of the competition was “*Tech for Nation Building*,” which aimed to highlight the importance of technology in shaping the future of the nation. The primary objective of the program was to encourage students to think innovatively and explore how emerging technologies can contribute to national growth and development.

The event was open to all students of the college. Participants registered either individually or in teams of two members. They were instructed to prepare posters on A4 or A3 sheets using various tools such as pencils, color pencils, or digital platforms like Photoshop, Canva, or other design tools. Each participant/team was given 3 minutes to present their poster before the panel/judges.

The competition received an enthusiastic response from students across different departments. Participants presented their ideas on a wide range of topics including Digital India and E-Governance, Artificial Intelligence for Social Good, Cybersecurity for National Integrity, Smart Cities, Green Technologies, Startups as drivers of economic growth, Women in Technology, and the role of youth in innovation and nation building.

The posters showcased creativity, originality, and a strong understanding of the theme. Students demonstrated excellent presentation skills, effectively explaining their ideas within the stipulated time. The judges evaluated the posters based on creativity, relevance to the theme, clarity of content, and presentation skills.

The event created an engaging and intellectually stimulating environment, encouraging students to think critically about real-world challenges and technological solutions. It also helped in improving their confidence, communication abilities, and teamwork skills.

Prizes were awarded to the best poster presentations in recognition of their outstanding performance. The winners were appreciated for their innovative ideas and clarity in presentation.

The entire program was organized under the guidance of Dr. Suneel Kumar Duvvuri, In-charge, Department of Computer Science, whose support and coordination ensured the smooth conduct of the event.

The event concluded successfully with active participation and positive feedback from students. It served as a meaningful platform to integrate academic learning with real-world applications, while also celebrating the spirit of Independence Day.

INDEPENDENCE DAY CELEBRATION EVENT

Celebrating 78 Glorious Years of Freedom

Poster Presentation Competition Theme: **Tech for Nation Building**

Showcase your Creativity!

Date: 13 August 2025

Time: 11 AM

Venue: Technosphere

Open to: All Students of the College

Rules

Individual or Team (max 2 participants)

Sheet size: A4 or A3

Tools allowed: Pencil/Color Pencils,
Photoshop, Canva, or any Digital Tool

Presentation time: 3 minutes

Let's come together and explore how technology
can shape the future of our nation!

Prizes for Best Posters

Sub Themes

Digital India & E-Governance
AI for Social Good
Tech Empowering Rural India
Cybersecurity for National Integrity
Green Technologies for a Greener India
Smart Cities & IoT
Tech Startups: The Engine of New India
Space Technology for National Growth
Women in Tech: Building the Future
Role of Youth & Innovation in Nation Building
...and many more ideas that reflect how
technology can contribute to a better India.
