### Principal's Message

The Government College (Autonomous), Rajahmundry is proud to proclaim that we are providing a world class education coupled with life skills, soft skills and ethics for more than one and half centuries and is known as Abode of Excellence, a campus of inspiration.

We know the fact that each student is different in terms of personality and learning abilities. We also believe that powerful teaching learning occurs with shared spirit of responsibility and temperament which creates a passionate learning experience to students and the college is known for its warmth, energy and excellence in these lines.

Since its inception in 1853 as zilla school, the college has been producing gems of students for adornment of mother India and spreading the knowledge across the globe. The students of this Alma matter were later turned to be giants in various spheres globally.

The various programs offered by the college would stimulate the intellectual curiosity of each student and foster a positive spirit among the stakeholders with the support of committed staff who are striving to create a milieu that sustains excellence. Our pursuit of high academic attainment with the support of all the staff and parents makes us distinct among other higher educational institutions in the State. This is evidenced by conferment of Rank 1 among Government Colleges in the State by the Commissionerate of Collegiate Education and continuous achievements of "Pratibha Awards" by students every year, which is being given to the topper in each subject in the State by the Government of Andhra Pradesh.

Education does not only mean academic excellence alone, but it is coordination between Intellectual Power, Skills and Ethical values. Our slogan is "**Student First**" and we enjoy taking the challenge of nurturing the young minds, the future citizens of the nation, with the indelible impressions of a holistic education and make him/her as a vibrant student, above all, a generous and sentient human being.

I am sure that the student centric pedagogical strategies would stimulate the young minds with emphasis on all-round growth and progress of our students.

The College is hailed as "College with Potential for Excellence" which has carved a niche for itself, with the dedicated efforts, deeply committed and

experienced faculty and active parents. We shoulder the responsibility of making our student's journey in the college splendid with many enjoyable learning experiences by providing them an exquisite platform to enhance their creative and inter-personal skills. The alumni of the college, who were well settled across the globe, is a clear example of the commitment of the College for providing life skills. The College is vouched to instil the ethical values in the students without compromising their scientific temperament and questioning spirit.

I am happy to inform you that the College is now turned out to be a "Smart Campus" with well equipped amenities like spacious classrooms, Science and Computer laboratories, Open Gym, Open Air Auditorium, Virtual and Digital Classrooms with Interactive Boards, Integrated Attendance Management System, Digital Library, Dynamic Website, CCTV Surveillance, immaculate Canteen and sprawling play grounds with various facilities.

Further, the College is in forefront in organizing various activities in pursuance of Government orders such as Swachh Bharat Abhiyan, Janmabhumi-MaaVooru, awareness camps etc. Of late, the College has received "Swachcha Andhra-2018" award as part of Swachh Bharat - 2018 awards from Government of Andhra Pradesh.

With all the support from stakeholders the college is now offering 47 UG and 14 PG programs besides research programs in 9 departments with a focus on creating employable man force. Of late, the institution has been graded at "A" with CGPA of 3.19 by the NAAC, which is the highest CGPA among government institutions in entire India.

Let us continue to pave the way to develop altruistic human beings with high standards of intellect and also commence with great enthusiasm and supposition for achieving towering standards in academics and other essential skills thereby build the nation together.

I wish you all the Best. Your valuable suggestions are always welcome.

**"Education is not preparation for life; education is life itself."**

Principal

## Student First

‘**Student First**’ is the motto of the College, i.e., the Student is considered as the centre of all the institutional activities. To achieve excellence in all its activities that empower the student community, the college has taken up various initiatives, established different platforms, implemented many best practices and encouraged many student initiatives, in addition to the formal institutional supporting wings. To give more visibility and order to these initiatives, the college has established *nine centres of excellence*, bringing the initiatives and best practices under each of these centres.

## STAARR

The Government College Rajahmundry's Vision, priority and thrust focuses on attaining the graduate attributes like

- Excellence in Teaching, Learning & Research
- Interdisciplinary knowledge
- Sustainability
- Ethical values
- Nation Building

In order to achieve this comprehensive vision, the College has adopted a distinctive approach to demonstrate its mission in the form of a STAR with six vertices, wherein each vertex symbolizes the potential thrust area of this institution. This structure is unique in nature and the college wishes to obtain a trademark under Intellectual Property Rights.

To accomplish the goal of transforming the institution into an Abode of Excellence and to substantiate the tag line 'Education Refined and Redefined' the college embarks on 6 fundamental traits acronymed as STAARR.

- o Strategy
- o Technology
- o Adaptability
- o Analysis
- o Research
- o Resources

**Strategy**

- The Government College (Autonomous), Rajahmundry has evolved various strategic policies and procedures that place the needs and benefits of students on the top. They mirror the vision, mission and core values of the institution and sustain its commitment to create a vibrant teaching, learning and research environment. **Academic excellence** is achieved in this institution with strategic planning for imparting interdisciplinary knowledge combined with skills and values.

**Technology**

- Technology is a key aspect in Teaching Learning process and has proved itself to be the potential strength of the students in this competitive world to transform themselves into dynamic entrepreneurs. The Govt. College (Autonomous), Rajahmundry has adopted technology to make teaching- learning more meaningful and delightful and to keep students engaged with excitement to learn.
- Technology can also invigorate the relationships between the teachers and the taught. The teacher will effectively integrate technology with core knowledge thereby elevates himself to be an adviser, a content expert, and an educator. Consequently, the adaptation of new technology turns out to be an indispensable support in curriculum design. The institution stands in the forefront of optimal utilization technology for curriculum enrichment.

**Adaptability**

- In the contemporary era, adaptability has become the watchword to achieve ambitious targets anywhere. Adaptability helps one stay afloat even when adversities pull him down. Instead of staying out of currents, they take pressure into their stride and swim along using the flow. The Government College (Autonomous), Rajahmundry sincerely believes that Education is the most significant leveller in an unequal society like India. Delivery of quality education unlocks the doors of opportunity breaking down the social and economic barriers. Therefore, the College maintains the quality of education by training young minds to adapt themselves to any positive change.
- The latest endeavour of this institution is to restructure education by shifting focus from theory-based curriculum to vocational curriculum with an intention to provide global skills to staff and students. The institution was successful in infusing positive attitude among the faculty and students to adapt themselves to the process of change in the new circumstances. The students have successfully adapted themselves to the changes ushered in.

**Analysis**

- The education policies of the College focus mainly on quality assurance through a fool proof evaluation system. The institution invests its best efforts to analyse the feedback from stakeholders on the quality of the curriculum, its methods of transaction, infrastructure, and sustenance. It resulted in strengthening the vital areas of teaching, learning and infrastructure.
- Internal and external Academic & Administrative Audits also help analyse quality with an objective to improve the functional efficiency of the institution and promote accountability.

**Research**

- Research is the quest for knowledge and it is the way the academia benefits the outside world. It equips students with host of other traits such as inquisitiveness, analytical skills, forming hypothesis and arriving at conclusions from a complex situation. This in turn helps them through their career and life. Research is one of the areas in this college where staff and students put strengths together to explore into discreet knowledge.
- The passionate, inquisitive and intellectual brains of this institution involve in continuous research apart from classroom teaching to mark the college as an institution with distinction, an abode of excellence and a temple of advanced learning.
- The Institution has become a source of generating high calibre manpower and a repository of national intellect in various spheres, particularly in the field of Science. Recognizing this, the College was granted huge funding from the **Department of Science & Technology** under **FIST** program to develop science facilities in the college.

**Resources**

- Human resources, material resources and financial resources are central to the inclusive growth of this institution. The institution has been successful in procuring and utilising required resources.
- Effective budgeting combined with strategic planning helps manage multiple priorities for a potential future. The institution has developed a systematic budgetary system to enhance its infrastructure.

## Student Progression Policy

### 1. Introduction

This policy describes the processes in place to manage the progress of students to support them in achieving their full potential. It describes the role of students, Teachers, HoDs/Principal and parents/guardians and explains the tools used for monitoring purposes. It describes in detail the procedures to be followed when students make insufficient progress.

### 2. Policy and procedures aim

The aim of this policy and procedures is to maximize the achievement of learners to encompass subject achievement, language and skill development, and acculturation.

### 3. General principles underlying this policy and procedures

- i. The policy and procedures for managing student progress are explicit, clear, and consistently applied
- ii. Teachers have the responsibility for monitoring the progress of students they teach, include subject achievement and skill development
- iii. Proctors have the responsibility for monitoring the overall progress of students on their program of study
- iv. Students are expected to take a high level of responsibility for managing their own progress, and teachers will support them to develop the necessary skills to do this.

### 4. Approach to progress management

#### 4.1 Approach

- i. Managing the progress of students at College is the joint responsibility of academic staff, welfare staff and the students themselves, and effort from all three sources is required to enable the student to fulfill their academic potential.
- ii. Staff continuously monitors a student's welfare and academic progress and work together to quickly address any concerns and provide any additional support required. In turn, students are expected to monitor their own progress, using a student planner provided by the college, identify and raise

any concerns they may have, and work proactively with staff to try to address them.

- iii. A group of students shall have a proctor, with whom they meet regularly. Proctors monitor and manage students' welfare and academic progress and work with students and other members of staff to address any concerns.

#### **4.2 Overview of student progress management processes**

- i. Student progress is continuously monitored by teaching staff
- ii. Attendance, assignments and assessment marks are recorded by teaching staff regularly.
- iii. Attendance data, progress information, assignment and assessment marks to date are assessed by Proctors whenever needed to support progress management
- iv. Students are encouraged to evaluate, their own progress using student planners provided by the college
- v. Proctors meet students during academic sessions to discuss progress and welfare
- vi. Concerns/issues are reported by staff, or raised by the students shall be addressed by relevant academic and welfare staff
- vii. Student support plans, including detailed management plans for students with special educational needs or disability (SEND), are developed and put in place if required.

In future, the College will introduce individual learning plans (ILPs) for teachers and students to use as a joint resource for managing progress.

#### **5. Progress management: Admission and startup of program**

In the beginning of every program, students undergo some level of baseline testing, including cognitive ability and English language testing. Results of these tests are provided to proctors and concerned Teachers, who are able to interpret the outcomes. Further the proctor is provided with individual, class and proctor group profile reports, based on information furnished by

students in application, which include details such as gender, age, nationality, and academic entry qualifications.

- i. All staff are expected to appropriately maintain the confidentiality of baseline and initial assessment information.

#### **5.1 Long-term Goals and Aspirations**

- i. On admission, each students' long term goals and aspirations are discussed by Proctors/ Academic Advisors in the light of existing qualifications outlined in the student's baseline profile report, and the results of start-up-program baseline testing.
- ii. A student's own goals and aspirations help to inform the process of managing their progress. These goals and aspirations will be discussed with the student as they progress through their program to ensure that the student has realistic expectations and targets to work further.

#### **5.2 Target Grades**

- i. Target grades will be set for each student by teaching staff, who will evaluate information drawn from the student's past educational achievements and on-arrival baseline testing outcomes.
- ii. Subsequently these target grades can be adjusted in the light of progressive formative and summative assessment outcomes and subject-based reviews from time to time.

#### **5.3 Skill development and acculturation**

- i. Areas such as skill development and acculturation are discussed with students using the baseline profile information.
- ii. Any development that is required in these areas will be addressed by academic staff to support the student's overall learning needs.

#### **5.4 Expectations for attendance and study**

- i. In order to actively engage the students in their own learning process and make the best possible progress, it is important that they are aware of the expectations casted upon them.

- ii. Teachers and Proctors continuously communicate to students that 100% attendance at lessons is expected unless legitimate absence is authorized, and outline the disciplinary process if this expectation is not met.
- iii. In addition, students are expected to take a proactive role in their studies, monitoring and managing their own progress by putting maximum efforts. At the same time, staff should be proactive in identifying and managing additional learning or welfare support needs.

## **6. Progress management: On program**

### **6.1 Recording of assessment and attendance**

- i. All assignments/test and assessment marks and all student attendance at lessons are recorded punctually.
- ii. Summary reports showing marks and attendance to date, by student and group, are available with Teachers and Proctors to facilitate the monitoring and management of student progress.

### **6.2 Review of progress by Teachers**

- i. Teachers monitor the attendance and progress of students persistently, looking at skill development and acculturation in addition to academic achievement and general welfare, and take appropriate action to support students wherever needed.

### **6.3 Actions to address concerns/issues by Teachers**

Where there are concerns/issues identified by a Teacher, resulting actions may include:

*For general concerns/issues relating to a student's health or welfare*

- i. Informal discussion of the concern/issue with the student, if appropriate, try to understand and work to resolve it, informing other relevant staff of the discussion and outcome
- ii. Discussion of the concern/issue with the concerned Proctor, relevant welfare staff and develop a plan for addressing the concern/issue, if required.

*For general concerns/issues relating to a student's academic progress*

- i. Informal discussion of the concern/issue with the student, if appropriate,

try to understand and resolve it, informing other relevant staff for discussion and outcome

- ii. Discussion of the concern/issue with the concerned Proctor and other Teachers and chalk out a plan for addressing the concern/issue, if required.

*For specific issues relating to attendance or behavior*

- i. An informal discussion of the issue with the student, if appropriate, try to understand and resolve it, informing other relevant staff for the discussion and outcome
- ii. Discussion of the concern/issue with the concerned Proctor, relevant welfare staff and other Teachers and chalk out a plan for addressing the issue, if required

#### **6.4 Review of student progress and welfare by Proctors**

Each student is allocated to a Proctor to support and facilitate their academic progress across all subjects/modules and to support their general welfare. Proctors meet regularly with their students to resolve issues related to academics and personal welfare.

Proctors monitor attendance and achievement data of students as recorded by Teachers from time to time. Proctors monitor for concerns/issues, including:

- i. Poor attendance (overall/by subject/at particular times)
- ii. Declining attendance (overall/by subject/at particular times)
- iii. Internal assessment marks below pass standard (overall/by subject)
- iv. Declining academic performance (overall/by subject)
- v. Missing attendance data or marks.

In addition, Proctors monitor:

- i. General welfare
- ii. Potential safeguarding/child protection issues
- iii. English language development
- iv. Progress towards acculturation

- v. Learning skill development
- vi. Spiritual, moral, social and cultural (SMSC) development
- vii. Attitude towards/engagement with studies.

Proctors provide balanced feedback to students, including positive and constructive comments. They give positive reinforcement where good progress is being made and supportive encouragement where progress could be improved. The Proctor also responds to the concerns raised by the students, their Teachers and welfare staff.

#### **6.5 Review of progress across subjects/modules by Proctors**

- i. Once in a Semester Proctors carry out a review of progress across all subjects/modules of each student. The student is expected to prepare by reviewing and evaluating their attendance data and subject/module marks, provided by the Teachers/tutor. The Tutor prepares by reviewing attendance data and homework and test marks, and Teacher comments included in students' progression reports.
- ii. The tutor acknowledges achievements and discusses areas for improvement and then supports the student to identify action for betterment or continued high performance. Support needs are addressed.
- iii. Outcomes are recorded by the student in their student planner. The tutor also records key points and outcomes of the progress review and shares the records with other relevant staff.

#### **6.5 Actions to address concerns/issues by Tutors/Teachers**

- i. Where a concern/issue is identified by a Tutor, the Tutors will firstly discuss it with other relevant academic and welfare staff. A joint plan of action to address the concern/issue should be developed by the Tutor/Teacher, as needed.
- ii. For attendance or behavioral issues, after initial discussion with other relevant staff, the Tutor or Teacher should invoke, as needed, relevant procedures as outlined in *Attendance Policy and Procedures* and

*Disciplinary Policy.*

- iii. Where concerns continue, the Tutor should refer the matter to the relevant academic manager (Programme Manager/Academic Director/HoD) and/or welfare manager

**7. Students making insufficient progress****7.1 Identification of students making insufficient progress**

- i. Periodic monitoring of performance in formative and summative assessments is undertaken by the student's Tutor overall subjects/modules studied and enables Teachers and Tutors to identify students making insufficient progress.
- ii. Students making insufficient progress are categorized as follows:
  - a) Insufficient progress to pass the program
  - b) Insufficient progress to achieve progression to university
  - c) Insufficient progress to achieve progression to first or second (insurance) choice university for a program

**7.2 Gathering further information**

All available relevant information is gathered by the Tutor, with inputs from the Program Manager if needed, for any student making insufficient progress in order to identify possible causes. Information gathering includes:

- i. Baseline student profile (age, gender, nationality, academic background, Baseline testing results etc.)
- ii. Copies of relevant college records (academic and welfare) – e.g. attendance and formative assessment marks for all semesters, midterm progress reports, tutorial review records, reports of concern, SEND/medical information, disciplinary procedures etc.

In addition, the Tutor/ Program Manager should contact all other relevant staff (academic and welfare) to obtain further ('soft') information about:

- i. The student's current perceived English language ability

- ii. The student's perceived academic ability
- iii. The student's general attitude towards their studies, including homework and assessment
- iv. The student's behavior and participation in the class/extra-curricular activities/enrichment programs
- v. The student's general welfare
- vi. Recent changes in behavioral patterns, attitude, welfare etc.

### **7.3 Procedures when insufficient progress is identified**

If a Tutor and their colleagues feel that further information gathered reveals a cause for concern regarding insufficient progress in any of the above categories being made by a student, should follow the procedures outline below, as relevant:

1. The Tutor will meet with the relevant Program Manager, if they have not already been involved in the processes to date, to review all relevant information and agreed upon an approach for talking to the student about the concerns and subsequently managing their progress
2. The Tutor/Program Manager will then meet the student to discuss the concerns and identify the means to support the student, recording the key points and actions of the discussion
3. The Tutor/Program Manager will share management plans for the student with all other relevant staff to ensure support is provided in all areas needed.
4. If there is an indication from information gathered that lack of progress may be due to welfare/accommodation issues, then relevant welfare/accommodation policy and procedures are followed

### **8. Additional classes / Extra Tuition**

Extra tuitions can be arranged for students who feel they are not making the progress they wish to, or where academic staff feel additional support, which cannot be provided as part of the student's usual timetable, is required.

#### **8.1 Definition of extra student tuition**

- i. College defines extra student tuition as any one-to-one or group tuition provided by a member of its academic teaching staff on College grounds outside of the structured curriculum timetable or official extra-curricular

activities. This definition excludes ad-hoc assistance provided by teachers in response to specific queries made by students outside of lesson and tutorial time.

- ii. If sufficient students have requested the same additional tuition, the college may opt to run an additional class in the relevant subject as an extension to the current timetable. In this case, this support will not be classed as extra tuition.

### **8.2 Provision of extra tuition**

College permits its academic teaching staff to provide extra tuition for students in the following circumstances:

- i. A recommendation has been made by a member of academic or welfare staff that extra subject/English tuition is required in order to facilitate a student's reasonable progress on their program of study. The recommendation has been accepted by the student and their parent/guardian/the individual who will pay for the extra tuition
- ii. A student has requested extra subject/English tuition in order to facilitate reasonable progress or enhance performance on their program of study, which has been approved by their parent/guardian/the individual who will pay for the extra tuition
- iii. A recommendation has been made by a member of academic or welfare staff that extra English tuition is required in order to facilitate the student's integration into college academic life. The recommendation has been accepted by the student and their parent/guardian/the individual who will pay for the extra tuition
- iv. A student has requested extra English tuition to facilitate their integration into college academic life, which has been approved by their parent/guardian/the individual who will pay for the extra tuition.

### **8.3 Conditions for provision of extra tuition**

College sets out the following conditions for the provision of extra tuition by academic teaching staff:

- i. Tuition must be provided on college grounds during college opening hours
- ii. Tuition should not disrupt timetable, management or training activities for staff, or timetabled activities for students
- iii. Tuition must be provided in accordance with College policies and procedures
- iv. A consent form for each student receiving extra tuition must be completed and signed by the student, teacher and relevant Programme Manager and, additionally, signed by the student's parent/guardian/the individual who will pay for the extra tuition
- v. The Academic Coordinator must review and approve all consent forms before extra tuition arrangements are put in place
- vi. Payment will be collected in advance directly by College. Teachers must not take direct payment for extra tuition.

### **Staff Code of Conduct Policy**

#### **1. INTRODUCTION**

- i. The purpose of this Code is to promote high standards of conduct from all staff members of the college.
- ii. All staff should make themselves aware of the Code, including the sources of advice and support available when in doubt about appropriate conduct, and the disciplinary actions that can be applied where the Code is breached.

#### **2. EMPLOYEE RESPONSIBILITY**

- i. This code of conduct applies to all employees of College. It is the responsibility of all staff to familiarise themselves with it. This code of conduct should be read in conjunction with the College Disciplinary procedures, Safeguarding Health and Safety procedures of the employee's contract of employment.

#### **3. EXPECTED CONDUCT**

Employees are expected at all times to:

- i. Treat students, other employees and College users with courtesy and respect

- ii. Comply with reasonable requirements or instructions given by the College.
  - iii. Familiarise themselves with and adhere to the College policies and procedures
  - iv. Carry out their duties with integrity, care and diligence
  - v. Promote and protect the good reputation of the College
  - vi. Preserve the confidentiality of all College information attained by them in the course of their work and avoid dealing with the media on any College issue unless specifically authorised
  - vii. Continue to develop their effective contribution by participating in the College's training and development programs
  - viii. Not to act in a way which is discriminatory towards individuals or groups for reasons of age, disability, gender, class, ethnicity, colour, faith, marital status
  - ix. Take reasonable steps to ensure the health, safety and welfare of themselves, other employees, students and College users
  - x. Avoid inappropriate physical contact unless in an emergency situation
  - xi. Dress in a way which is appropriate to their position and duties
  - xii. Wear their College Identity Card
  - xiii. Be absent from work only when authorised or when ill
  - xiv. Be punctual to demonstrate respect for others and to make best use of working time
  - xv. Refrain from using offensive/filthy language
  - xvi. Not to attend work or carry out duties whilst under the influence of alcohol, narcotic drugs or other psychotropic substances which prevent them from doing so competently
- 4. PROFESSIONAL RELATIONSHIPS**
- i. The College is committed to providing a learning environment in which relationships between staff, students and other College users are cordial and professional.

- ii. Employees are in an unequal power relationship with students and must recognise professional boundaries.
- iii. They must ensure that their relationships with students or with other staff members are not of a kind that compromise or could be perceived to compromise their professional responsibilities, e.g., an undeclared personal relationship in which the staff member is assessing the student's work or has responsibility for an aspect of the management or remuneration of the other staff member.
- iv. Staff must be mindful at all times of the necessity to treat students equally, to avoid favouritism, and to exercise care in the pursuance of any relationship outside of the learning environment.
- v. Whilst in an adult learning environment the establishment of a social relationship with students can be positive, there are inherent pitfalls in maintaining professional boundaries in some activities.
- vi. Activities which give individual students privileged access to aspects of a member of staff's personal life should be approached with great caution.
- vii. Staff should also avoid situations where they are alone with students in informal settings such as student hostels.

#### **5. PERSONAL CONDUCT OUTSIDE OF THE COLLEGE**

- i. An employee's conduct in their private life becomes a matter of concern for the College where it damages the College's reputation or makes an employee unsuitable for the work for which they have been employed.
- ii. Behaviour relating to violence, dishonesty, substance abuse including alcohol, sexual offences and other serious offences are likely to come into this category.

#### **6. GIFTS AND HOSPITALITY**

- i. Employees must not accept or solicit gifts or benefits that might in any way compromise or influence them in their capacity as employees of College
- ii. Employees should be careful to ensure integrity over receipt of gifts,

hospitality and benefits during the course of carrying out their duties.

- iii. Gifts or benefits that are more than of small value should be brought to the notice of the Clerk to the Departmental HoDs/Principal and recorded in the confidential register of interests, in accordance with the register guidelines.
- iv. The informal exchange of gifts and hospitality between staff and students is strongly discouraged because of potential conflict of interest

#### **7. CONFLICT OF INTEREST**

- i. In discharging College business, all employees need to be aware of actual, potential or perceived conflicts which might arise between their private interests and their College responsibilities.
- ii. Actual, potential or perceived conflict of interest may arise in connection with, for example:
  - a. personal and family relationships;
  - b. staff and student relationships
  - c. financial interests and affiliations;
  - d. receipt of gifts and hospitality;
  - e. acceptance of outside professional work or secondary employment;
  - f. use of College information;
  - g. misuse of College premises, equipment and materials
  - h. external activities and public comment;
- iii. It is the responsibility of each employee to disclose to their Departmental HoDs/Principal about the details of situations that may give rise to an actual, potential or perceived conflict of interest.
- iv. Employees in responsible positions must be especially alert to the various situations in which conflicts of interest may arise in the workplace and handle such situations with common sense and in a sensitive manner.

### **Student Code of Conduct Policy**

**1. Introduction**

- i. College is a caring learning community which respects the rights and duties of each student to enjoy a safe, positive, congenial and successful learning experience. College also promotes a safe, respectful and cooperative working environment for its members.
- ii. As members of the college community, all students are expected to abide by its code of conduct.
- iii. Positive behavior is expected from all students and is actively encouraged and acknowledged by staff. When students behave in a positive way, and cooperate with one another and with staff, a happier, more cohesive and more productive college community results.

- ❖ Practical Examinations
- ❖ Project Work

### **Examinations, Evaluation & Results**

The College was granted autonomous status by the UGC from the academic year 2000-2001. Under the Autonomous set up, the college introduced Semester system. The syllabus and the examination pattern are finalised with the help of Board of Studies for each programme. The Examination Cell of the College is a confidential wing consisting of Controller of Examinations and Assistant Controllers of Examination. It is fully computerized, fool proof environment which conducts examinations in a transparent manner and undertakes the evaluation process in a highly confidential and professional environment.

### **Evaluation Process for U.G.:**

No. of Semesters – 6

In the CBCS system (from 2019-20 admitted batch of U.G, towards fourth cycle of the autonomous status), the evaluation process is as follows:

Semester End Examination (SEE)	—————	50 marks
Continuous Internal Assessment (CIA)	—————	50 marks
(The Split up of Marks for CIA)		
Internal Test	-	20 marks
Online Test	-	10 marks
Assignment	-	5 marks
Attendance	-	5 marks
Pedagogical methods	-	10 marks

In every semester, the Continuous Internal Assessment is non-institutionalised and the concerned department is responsible to conduct and submit the CIA marks to the Examination Cell.

From the 2019-20 admitted batch, the minimum pass marks is 35% (18 marks) in CIA and SEE separately and 40% (40 marks) both CIA and SEE put together. Project work in 6<sup>th</sup> semester.

Practical examinations by internal examiners are conducted in 1,3,5 semesters and practical examinations by external examiners are conducted in 2,4,6 semesters

In the VI Semester under the Cluster system, the student has to select one elective each under Paper-VII and also to choose one cluster elective (consisting of three papers VIII to X) offered by the department.

In the final year, students are also compulsorily to undergo skill training under the JKC platform (Finishing School Training) that provide skills necessary for securing an employment.

**Credits:**

In B.A. and B.Com. programmes, there are 134 credits each and B.Sc. there are 158 credits. The performance of each student is assessed for languages, foundation courses and core subjects. In B.Sc. programme, each optional is awarded 3 credits for theory and 2 credits for practicals. In B.A and B.Com. programmes, each core optional subject carries 4 credits.

Besides credits for actual curriculum, extra credits are awarded to the students who take part in various Co-curricular, extra-curricular and extension activities

such as NCC, NSS, Sports & Games, Cultural and Literary events, Project work and Community Social work. Extra credits are also awarded for attendance.

### Results

Results are normally announced within three weeks after the completion of last examination. The results are announced online and the candidates can check them by visiting the college website. Marks lists are prepared and distributed to the students through the proctors.

### Instant Examination:

There is no provision for supplementary examinations.

Facility to appear for Instant examination is available only for the Final year regular students having not more than 2 backlog courses across all the semesters.

### Evaluation Process for P.G.:

No. of Semesters – 4

From 2019-20 admitted batch of P.G, the evaluation process is as follows:

Semester End Examination (SEE)	_____	60 marks
Continuous Internal Assessment (CIA)	_____	40 marks
(The Split up of Marks for CIA)		
Internal Test	-	20 marks
Assignment	-	10 marks
Seminar	-	5 marks
Viva Voce	-	5 marks

In every semester, the Continuous Internal Assessment is non-institutionalised and the concerned department is responsible to conduct and submit the CIA marks to the Examination Cell.

There are no minimum marks for Continuous Internal Assessment (CIA)

40% (40 marks) is the minimum pass marks in CIA and SEE put together and must secure 35% (21 marks) in SEE to pass in a paper.

There is no provision to conduct CIA again. Students shall compulsory pass in otherwise, they have to secure the total 40% marks in SEE only, even though they secured 35% marks in SEE independently.

Double valuation (by Internal Examiners as well as External Examiners) is conducted and the average of both these valuations is considered for final award

of marks. If the variation between internal and external evaluation is more than 20%, then it will go for third valuation and the average of nearest two valuations is considered for final award of marks.

For every semester, practical examinations are conducted by external examiners.

There is no provision for revaluation for PG Exams

**Credits:**

For every course, 4 credits are allotted for theory and 2 credits for practicals. Besides credits for actual curriculum, extra credits are awarded to the students who take part in various Co-curricular, extra-curricular and extension activities such as NCC, NSS, Sports & Games, Cultural and Literary events, Project work and Community Social work. Extra credits are also awarded for attendance.

**Results**

Results are normally announced within three weeks after the completion of last examination. The results are announced online and the candidates can check them by visiting the college website. Marks lists are prepared and distributed to the students through the proctors.

**Instant Examination:**

There is no provision for supplementary examinations.

Facility to appear for Instant examination is available only for the Final year regular students having not more than 2 backlog courses across all the semesters.

**MODERATION OF QUESTION PAPERS AND MODEL ANSWERS**

Moderation is the process by which the Institution ensures the consistency of question papers within the framework of the syllabus, thereby ensuring consistency of assessment for all students. It also ensures that weightage within a module is appropriate and conforms to the blueprint and other guidelines issued by the Board of Studies, thereby ensuring fairness, accuracy and consistency in marking and the provision of results. With this intention, the Government College (A), Rajamahendravaram constituted the moderation committee from the Academic Year 2017-18.

**MALPRACTICE**

The Government College (A) Rajahmundry takes all possible measures to control actions that contravene examination rules. With this intention, the Principal of the College constitutes Suspected Malpractice Cases (SMP) Enquiry Committee to look into SMP cases as and when they occur. Such committee shall follow the approved scales of punishment and the Principal shall take necessary action, against the erring students based on the recommendations of the Committee.

**General Guidelines:**

1. All the students are informed to appear for the examinations conducted by the Institute in full attire, i.e. hall ticket, Identity Card and full Uniform.
2. The students should report at the examination centre at least half an hour before commencement of the exam and should not leave the hall till the completion of full time. In special cases, they are permitted to leave the exam hall only in the last half an hour before the completion of exam.
3. Calculators (except non programmable calculators) may be allowed inside the examination hall depending on the programme of study and the course of exam on a particular day.
4. The students should restrain from indulging in malpractices and misbehaviour during the entire examination process and any violation of examination rules will be viewed very seriously.
5. Possession of any kind of forbidden material (print, manuscript or any kind) and indulging in malpractice will be referred to the SMP Enquiry Committee and action will be taken against the defaulters based on the recommendations of the Committee.
6. Examination results for the semester will be announced after excluding the SMP cases.

**Punishments:**

- (a). If the candidate is found in possession of forbidden material, without copying from the same, the examination of such candidate is cancelled for the day and his answer script will not be sent for the valuation. Further, the candidate has to submit an undertaking duly signed by him and forwarded by the Chief Superintendent that he/she will not repeat the mistake. He/she may be allowed to appear for other consecutive examinations.

(b). If the candidate is found in possession of forbidden material and copying from the same, the candidate may be booked under the SMP case and the matter will be referred to the SMP Enquiry Committee on the same day. The Committee will look into the matter and decide on the intensity of malpractice, depending on which he/she may be permitted to continue for the next semester. However, he/she is not permitted to appear for consecutive examinations in the current semester. Nevertheless, the previous examinations appeared by the candidate stands still and the results of such papers will be announced along with regular candidates.

(c). If any candidate misbehaves with the Invigilator, uses unparliamentarily language or behaves in contravention to the examination rules, such candidate may be debarred from the Institution for 1- 3 years and also all the examinations appeared by such candidate in previous semesters stands cancelled. Such candidate may be handed over to the Police for further action.

(d). In exceptional cases, the decision of the SMP Enquiry Committee may be put before the Examination Committee for review and in such cases, the decision of the Examination Committee with regard to SMP Cases is considered final.
