## GOVERNMENT COLLEGE

An Autonomous Institute Since 2000

Accredited by NAAC with "A+" Grade (3.38/4.00 CGPA in RAF 2017 Rajamahendravaram),

E.G DIST, AP, INDIA ,533105

# FOREWORD

It is with great pride and pleasure that I present this edition of College Chronicles, highlighting the key institutional, academic, curricular, co-curricular, and outreach activities of Government College (Autonomous), Rajahmundry during December 2025. This edition reflects the institution's unwavering commitment to academic excellence, holistic student development, social responsibility, and alignment with the vision of the National Education Policy (NEP)-2020.

The month witnessed a landmark event with the visit of the Honourable Minister for HRD and IT, Sri Nara Lokesh Garu, accompanied by the Director of Collegiate Education, Dr. Bharath Narayan Gupta, IAS, who inaugurated newly developed infrastructure facilities and interacted with students, motivating them to pursue academic excellence and nation-building.

A significant institutional milestone was achieved with the exchange of Memorandum of Agreement with RTIH on 30 December 2025, held at the Collectorate in the esteemed presence of the District Collector Madam and the Joint Collector, strengthening collaborative efforts in research, innovation, and institutional development.

Academic capacity building was further reinforced through the Capacity Building Program on "NEP-2020: Research Skills & Academic Leadership" organized by the IQAC and Academic Cell on 11 December 2025, with Prof. S. Vijay Bhaskar Rao, Vice-Chairman, APSCHE and Vice-Chancellor, Dr. B.R. Ambedkar Open University, as the resource person. The programme enriched faculty members with insights into research competencies and academic leadership in the NEP-2020 framework.

The institution also successfully organized the SPARK Institute-Industry Meet from 9-11 December 2025, promoting entrepreneurship and startup culture. The workshop on formalization of MSMEs through Udyam Registration provided valuable awareness on government schemes, financial assistance, and sustainable business practices to students, faculty, and aspiring entrepreneurs.

In addition to these initiatives, a range of curricular and co-curricular activities were conducted to enhance academic engagement, life skills, creativity, and leadership among students. Reflecting its strong commitment to social awareness and national service, the college observed World AIDS Day in collaboration with DAPSU, emphasizing awareness, prevention, and social responsibility. The NCC Day celebrations further highlighted the values of discipline, leadership, unity, and patriotism, reinforcing the role of youth in nation-building.

I sincerely appreciate the dedicated efforts of the IQAC, Academic Cell, NCC unit, faculty members, students, and the editorial team for their collective contribution to the success of these programmes and for documenting them effectively. I am confident that this edition of College Chronicles will serve as a meaningful record of our institutional progress and inspire continued excellence in academics, research, and community engagement

With warm regards,

Ramachandra R.K

Principal

Government College (A), Rajahmundry

# INSTITUTIONAL ACTIVITIES

## IT and Human Resources Development Minister Nara Lokesh Visit

IT and Human Resources Development Minister Sri. Nara Lokesh visited Government (A) College Rajahmundry ram on 19-12-2025 to inaugurate several new facilities aimed at modernising the historic institution. The Minister inaugurated several new facilities aimed at modernising the historic institution. He unveiled the college logo and inaugurated the School of Commerce and Management, Centre for International Studies and Research, and a modern main gate arch. He launched Innovation and Incubation Hub (funded by Hansa Solutions) and inspected 'Hi Glo Lab on Wheels' and unveiled Vande-Mataram Movement Memorial and Park, honoring the college's historical role in the independence movement. IT Minister interacted with foreign researchers and national-level athletes, visited the library's rare book and toured AI driven digital classrooms.

# INSTITUTIONAL ACTIVITIES

## IT & Human Resources Development Minister Nara Lokesh Interacts with Students

Minister interacted with the students and advised them to develop a strong work culture and make productive use of their summer holidays to strengthen their skills. He urged them to campaign against the use of derogatory language and proverbs targeting women, stressing that moral education was essential. The Minister said the government was planning strict laws, in consultation with experts, to curb insults against women. He assured students that all possible steps would be taken to improve library facilities at the Government Autonomous Arts College and that top priority would be given to strengthening the research wing. Noting that research was reaching new heights globally, he said the State government was committed to providing adequate funding to promote quality research. He also listened to students' concerns.

# INSTITUTIONAL ACTIVITIES

## Memorandum of Agreement with RTIH

December 30th 2025 Exchange of Memorandum of Agreement with RTIH in the presence of Collector Madam, Joint Collector at Collectorate.

## Apске Chairman Visit 11th December

The IQAC and Academic Cell of Government College (Autonomous), Rajahmundry, organized a Capacity Building Program on “NEP-2020: Research Skills & Academic Leadership” on 11 December 2025 at the Dr. B.R. Ambedkar Seminar Hall. Prof. S. Vijay Bhaskar Rao, Vice-Chairman of APSCHE and Vice-Chancellor of Dr. B.R. Ambedkar Open University, served as the resource person and delivered an insightful lecture on strengthening research competencies and academic leadership in line with the National Education Policy-2020. Faculty members actively participated in the programme, which aimed at enhancing research orientation and leadership skills among academicians.

# INSTITUTIONAL ACTIVITIES

## SPARK Institute and Industry meet

December 9,10,11

The SPARK Institute–Industry Meet was organized at Government College, Rajahmundry, with the objective of creating awareness among investors, entrepreneurs, and startup initiators. As part of the programme, a workshop on the formalization of MSMEs through Udyam Registration was conducted. Speaking on the occasion, the resource persons explained the importance of registering Micro, Small, and Medium Enterprises (MSMEs) and highlighted the benefits provided by the Government of India, including access to financial assistance, subsidies, and institutional support. They emphasized that Udyam registration plays a crucial role in promoting entrepreneurship and strengthening the startup ecosystem. The speakers also discussed various schemes, incentives, and support mechanisms available for startups and small-scale industries, encouraging young entrepreneurs to utilize these opportunities for sustainable business growth. Faculty members, students, and aspiring entrepreneurs actively participated in the programme.

**CO - CURRICULAR  
ACTIVITIES**

# CO-CURRICULAR ACTIVITIES

## DEPARTMENT OF CHEMISTRY

On every year Noble Day will be held on December 10th. The department of chemistry observed that day and celebrated that event. On 10 December 2025, the Department of Chemistry, Government College (A), Rajahmundry, organized a poster presentation competition to mark Nobel Day. The theme was "Nobel Laureates – Their Discoveries." Dr. T. Srinivasarao, Head of the Chemistry Department, chaired the event. He highlighted the significance of

Nobel Day and reminded students of the distinctive qualities of Nobel laureates, urging them to take these scientists as role models. The judges—Narasimha Murthy, Shanthakumari, and Surekha—along with coordinator Padmaja, distributed prizes to the students. Faculty members and students from the Chemistry department participated, making the program a success.

## DEPARTMENT OF BOTANY

As a part of curriculum enrichment, One-day field visit was conducted for I B.Sc., Organic Farming students to study about the field practices and extension activities undergoing at the Krishi Vignana Kendram (KVK), Kalavacharla. Where the research scientists from various specializations, demonstrated their activities at field level which comprises organic farming practices, Paddy cultivation methods through natural farming, biofertilizers production unit, livestock and fodder units and agriculture-based craft making units for the students.

Outcome: The visit provided students with firsthand exposure to modern agricultural practices, integrated farming models, and sustainable resource management techniques. The demonstrations strengthened their practical understanding and connected theoretical knowledge with field applications.

Feedback:

The field visit to KVK, Kalavacharla was highly beneficial and informative. Students actively engaged with the demonstrations, asked relevant questions, and gained valuable insights into crop production, livestock management, and sustainable agriculture practices.

Demonstration of Biofertilizers preparation

# CO-CURRICULAR ACTIVITIES

## DEPARTMENT OF COMMERCE AND MANAGEMENT

Experiential Learning Visit to Coringa Marine Museum

Date: 02/12/2025

Organised By: Department of Commerce & Management

Government College(A), Rajahmundry

Event Convenor and Faculty-in-Charge: Dr. B. Prathima

Accompanying Faculty Members: Mrs. T. Mani Ratnam, Mrs. P. Prashanthi Kumari The Department of Commerce & Management, Government College(A), Rajahmundry organised an educational visit to Coringa Mangrove World (Biodiversity Centre) for 38 BBA (Hons.) students as part of their experiential learning activities.

The museum, located within the Coringa region of East Godavari District, serves as an interpretation centre that introduces visitors to the ecological, biological, and environmental significance of mangrove ecosystems. This visit provided the students with meaningful exposure to environmental studies, sustainability concepts, and green governance practices that complement their academic curriculum.

During the visit, the students first explored the large geographic and spatial models that represented the mangrove–estuary region. These models offered a clear visual understanding of how rivers, tidal creeks, backwaters, and mangrove forests are interconnected. By examining these representations, the students learned how estuarine systems function and how the mixing of freshwater and seawater shapes the surrounding ecosystem. This macro-level perspective helped the students appreciate the geographical and ecological intricacies of mangrove landscapes.

## Industrial Lecture Series on Cyber Security and Ethical Hacking

The Department of Computer Science organized an Industrial Lecture Series on Cyber Security and Ethical Hacking in collaboration with Avishkar Tech Solutions. The session was led by Mr. Sanaboyina Ashrit Kumar, Resource Person and industry expert from Avishkar Tech Solutions.

The lecture provided students with practical insights into cyber threats, ethical hacking methodologies, and real-world security challenges. The interactive session enhanced students' awareness of current industry practices and career opportunities in the rapidly evolving domain of cyber security.

# PAPER PUBLICATIONS

The Department of Mathematics takes pride in announcing that Dr. Ch. Srinivasulu, Associate Professor of Mathematics, has published a research paper titled “Graph Theory in Wireless Sensor Networks: Connectivity and Energy Efficiency” in the International Journal of Physics and Mathematics on 03 December 2025. The research, co-authored with Dr. K. Chitti Babu, focuses on the application of graph theory concepts to wireless sensor networks, emphasizing improved network connectivity and energy-efficient communication.

**Abstract**  
 In the present study, seedless synthesis of Ag-Cu bimetallic nanoparticles (BMNPs) was carried out using Soxhlet-assisted sequentially extracted phytochemicals from Terminalia chebula ripened fruit (TCRF). The objective of the present study is evaluating the effect of sequentially extracted phytochemicals on the synthesis and properties of Ag-Cu BMNPs. The key parameters used in this study are solvent-based phytochemical extraction and photo-induced green synthesis of BMNPs. Preliminary phytochemical screening of TCRF revealed the presence of polyphenols, which are significant in metal ion reduction. Evaluation of Ag-Cu optical properties was

## Department of Mathematics

Participation Details :

A total of two teams from the Department of Mathematics participated in the quiz competition.

Team – 1

B. V. V. Muthyaala Rao – III B.Sc. (MH)

K. Lokesh – III B.Sc. (MH)

Team – 2

N. Jaya Vignesh – III B.Sc. (MH)

Swathi – II B.Sc. (MH)

Competition Overview

Total number of teams participated: 12

Number of teams eliminated in preliminary rounds: 8

Number of teams selected for the final round: 4

It is a matter of great pride that both teams from our college successfully qualified for the final round, demonstrating their strong subject knowledge, presence of mind, and teamwork.

Results and Achievements

In the final round of the quiz competition, students of the Department of Mathematics achieved outstanding success by securing both first and second prizes.

Prize Winners

🏆 First Prize

B. V. V. Muthyaala Rao – III B.Sc. (MH)

K. Lokesh – III B.Sc. (MH)

🥈 Second Prize

N. Jaya Vignesh – III B.Sc. (MH)

Swathi – II B.Sc. (MH)

This remarkable achievement brought laurels to the Department of Mathematics and the institution.

# EXTENSION ACTIVITIES

## Department of Economics

The Department of Economics, Government College (Autonomous), Rajahmundry organized National Farmers Day (Kisan Diwas) on 23rd December 2025 to commemorate the invaluable contribution of farmers to the Indian economy. The programme aimed to create awareness among students about the importance of agriculture, the role of farmers in nation building, and the contemporary challenges and opportunities in Indian agriculture.

### Student Participation

Active student participation added vibrancy to the programme:

Greeshma (II B.A. Economics) delivered a speech on the importance of agriculture in the Indian economy, highlighting its role in employment generation and rural livelihoods.

Praveen (I B.A. Economics) spoke on the role of farmers in ensuring food security and economic stability.

Naga Lakshmi (I B.A. Rural Development) highlighted the relationship between agriculture and rural development, stressing the need for sustainable and inclusive rural growth.

### Outcomes of the Programme

Students gained deeper understanding of the importance of agriculture in the Indian economy.

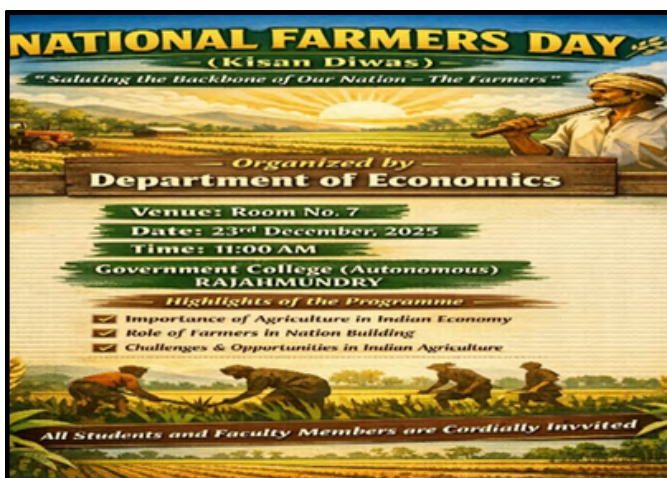

Awareness was created about the challenges faced by farmers and the need for sustainable solutions.

The programme enhanced students' knowledge of government initiatives, agri-technology, and rural development strategies.

Students developed a sense of respect and social responsibility towards farmers.

The event encouraged students to consider research, policy-making, and entrepreneurial opportunities in agriculture and rural development.

Improved communication and public speaking skills among participating students.

## National Mathematics Day on the occasion of the birth anniversary

Government College, Rajahmundry, commemorated National Mathematics Day on the occasion of the birth anniversary of the great Indian mathematician Srinivasa Ramanujan with academic zeal and enthusiasm during 20–22 December 2025. The programme was conducted under the esteemed leadership of the Principal, Dr. Ramachandra R.K., whose encouragement and support were instrumental in the successful organization of the events. The celebrations also received valuable guidance from the Vice-Principal, Dr. D.V.N.S. Murthy. The entire programme was efficiently coordinated by the Head of the Department of Mathematics, Sri G. Chandrasekhar, with active involvement of the faculty members of the department. As part of the three-day celebrations, a variety of academic and student-centric activities were conducted to engage students and enhance their interest in mathematics. On 20 December 2025, a Talent Test was organized to identify and encourage mathematical aptitude among students. The test witnessed enthusiastic participation and motivated students to explore logical reasoning and problem-solving skills. On 22 December 2025, a Quiz Competition (Display Mode) was conducted in the seminar hall. The quiz consisted of two rounds: Round I – History of Srinivasa Ramanujan, which focused on his life, struggles, and achievements, and Round II – General Mathematics, which tested students’ conceptual understanding. The quiz generated healthy competition and stimulated curiosity among the participants. A biopic presentation on Srinivasa Ramanujan was also screened for the students. The highlight of the celebrations was a Guest Lecture on “Ring

Theory”, delivered by Dr. D. Viswanadha Raju, M.Sc., M.Phil., Ph.D., an alumnus of Government College, Rajahmundry, and Reader in Mathematics (Retd.), SKVT College, Rajahmundry. The lecture provided deep insights into abstract algebra and its applications, and was highly beneficial to undergraduate and postgraduate students. The programme concluded with appreciation from the college administration and faculty. The active participation of students and the well-planned activities made the celebrations a grand success. The National Mathematics Day celebrations served as a fitting tribute to Srinivasa Ramanujan and reinforced the importance of mathematics in higher education, research, and everyday life.

The quiz consisted of two rounds: Round I – History of Srinivasa Ramanujan, which focused on his life, struggles, and achievements, and Round II – General Mathematics, which tested students’ conceptual understanding. The quiz generated healthy competition and stimulated curiosity among the participants. A biopic presentation on Srinivasa Ramanujan was also screened for the students. The highlight of the celebrations was a Guest Lecture on “Ring

# EXTENSION ACTIVITIES

## NSS SPECIAL CAMP

### UNIT-1 HUKUMPETA

DAY: 1 28-11-2025

ACTIVITIES: 1. INAUGURAT 2.PLANTATION 3.SOCIO ECONOMIC SURVEY

The NSS special camp plays a significant role in promoting community service, social awareness, and leadership skills among volunteers. It provides a platform for students to engage with the community, understand social issues, and contribute to nation-building. The camp fosters personal growth, teamwork, and empathy, making it a valuable experience for all participants.

Speech by Principal Dr.Ramachandra Rk

Socio-economic surveys are crucial for understanding India's development landscape. The National Sample Survey (NSS) is a key player in this arena, conducting large-scale household surveys since 1950.

# EXTENSION ACTIVITIES

DAY-2 Dt: 29-12-2025

ACTIVITIES:

1. CLEAN AND GREEN AT HUKUMPETA PRIMARY AND HIGH SCHOOL SURROUNDINGS
2. AWARENESS ON ORGANIC FARMING

Clean and Green Activity conducted at Hukumpeta village, the main objective of this programme is to Promote sustainability and environmental conservation

- Key Activities: Tree plantation drives, Cleanliness campaigns  
Waste management and recycling, Eco-friendly practices awareness

NSS PO Smt.K.Subhashini Devi and Volunteers

Clean and Green at High School

## Organic Farming

Awareness on Organic Farming and interaction with Farmers, The Main Objective of this programme is Promote sustainable agriculture and reduce chemical use to the public

Volunteers explained to the public about the Use of natural fertilizers (compost, manure), Crop rotation and intercropping, Biological pest control ,Soil conservation and health,Environmentally friendly Healthier produce ,Soil fertility and biodiversity ,Increased farmer income.

Awareness on Organic farming by our volunteers

# EXTENSION ACTIVITIES

**DAY: 3 Dt: 30-11-2025**

- ACTIVITIES: 1. AWARENESS ON SWARNA PANCHAYAT AND DIGITAL TRANSACTIONS OF HOUSE TAX  
 2. PLANTATION AT NAGIREDDY NAGAR  
 3. AWARENESS PLASTIC CONTROL

The Swarna Panchayat app allows villagers to pay their house tax digitally from their homes, removing the need for cash payments. The funds are instantly credited to the panchayat's official account. Here's how to make a digital transaction:

This digital initiative aims to increase transparency, accountability, and efficiency in local governance, while also promoting digital literacy and convenience for citizens.

Volunteers actively participated in this programme and explained about digital payment of House tax

PLANTATION AT NAGIREDDY NAGAR HUKUMPETA, SACHIVALAYAM NO:3

## PLASTIC CONTROL

Plastic control measures are gaining momentum globally, with many countries implementing regulations to curb plastic usage. In India, the government has imposed a ban on single-use plastics, encouraging the use of eco-friendly alternatives like jute bags and cloth bags. Jute bags decompose naturally within 2-3 months, reducing environmental pollution. Jute bags are durable and can be used multiple times, reducing the need for single-use

plastics. Cloth bags can be used multiple times, reducing the need for single-use plastics. Cloth bags are made from sturdy materials, making them ideal for carrying heavy items.

# EXTENSION ACTIVITIES

DAY-4 01-12-2025

- ACTIVITIES: 1. RALLY ON HIV
- 2. CLASS ON DIGITAL LITERACY AND CYBER CRIME
- 3. AWARENESS ON DIGITAL LITERACY AND CYBER CRIME

World AIDS Day is observed annually on December 1st to raise awareness about HIV/AIDS, support those living with the virus, and remember those who have lost their lives to the disease.

This year's theme is "Overcoming disruption, transforming the AIDS response," highlighting the need for sustained global cooperation and human-rights-centered approaches to end AIDS by 2030

RALLY ON HIV BY VOLUNTEERS, NSS PO AND SACHIVALAYAM STAFF

AWARENESS ON HIV WITH PLACARDS

# EXTENSION ACTIVITIES

**DAY – 5 Dt:02-12-2025**

ACTIVITIES:

1. FREE MEGA EYE CAMP AT 'D' BLOCK HUKUMPETA
2. CLEAN AND GREEN, AWARENESS ON PLASTIC at 'D' BLOCK HUKUMPETA
3. RALLY ON POLLUTION CONTROL at 'D' BLOCK HUKUMPETA

Eye camps play a vital role in promoting eye health and vision care, especially in rural and underserved areas. The main objective of this programme is Early detection and treatment of eye diseases, Free or low-cost eye care services, Access to quality eye care for marginalized communities, Awareness about eye health and hygiene, Prevention of blindness and vision impairment

Services Offered: Eye screening and check-ups, Cataract surgery and other eye surgeries, Spectacles and contact lenses, Treatment for eye diseases like glaucoma, diabetic retinopathy, Eye health education and counselling.

## National Pollution Control Day

National Pollution Control Day is observed on December 2 every year in India to raise awareness about the importance of pollution control and to commemorate the victims of the Bhopal Gas Tragedy, which occurred on December 2-3, 1984. This day aims to promote sustainable living, reduce pollution, and encourage collective efforts to protect the environment.

The main Objectives are to Raise Awareness: Educate citizens about the harmful effects of pollution on air, water, and soil, Encourage Compliance: Motivate industries to follow environmental regulations and adopt sustainable practices. Promote Innovation: Encourage the use of eco-friendly technologies and renewable energy sources.
