5	Brief Note about activity	Eye Camp held at adopted village Hukumpeta by NSS Unit-1 on account of World Health Day

On account of World Health Day Dt. 07-04-2025 Eye camp was held at Adopted village Hukumpeta by NSS Unit-1

- The primary aim of an eye checkup is to detect eye problems and diseases early, allowing for timely treatment and preventing vision loss.
- Preventive Care: Regular eye checkups help prevent eye diseases and conditions, such as glaucoma, cataracts, and age-related macular degeneration.
- Correcting Vision Problems: Eye checkups aim to correct vision problems, such as near sightedness, farsightedness, and astigmatism, with glasses, contact lenses, or surgery.
- Maintaining Eye Health: The objective of an eye checkup is to maintain overall eye health, ensuring clear vision and preventing eye-related complications.
- President of this programme is Dr. Ramachandra R.K, Principal, Government College Autonomous – Rajahmundry
- "Dr. P. Prasanna Kumar and Dr. D. Sambayya, Ophthalmic Officers at Government Hospital, D.B.C.S, East Godavari, participated in a program where they conducted eye check-ups for village residents, provided eye care instructions, and distributed free medication. The event was supported by NSS PO Smt. K. Subhashini Devi, Sachivalayam staff, and NSS volunteers."
