

REPORT ON PLANTATION PROGRAMME BY NSS

Organized by:

National Service Scheme (NSS), Government College (Autonomous), Rajahmundry

Date:

17th March 2026

Introduction:

The National Service Scheme (NSS) unit of Government College (Autonomous), Rajahmundry organized a Plantation Programme on 17th March 2026. The programme aimed at promoting environmental awareness and encouraging students to contribute towards a greener and healthier ecosystem.

Tree plantation is one of the most effective ways to combat environmental issues such as pollution, deforestation, and climate change. The programme emphasized the importance of increasing green cover within the campus.

Objectives of the Programme:

- To create awareness about environmental protection
- To promote afforestation and greenery on campus
- To encourage students to take responsibility for nature
- To contribute towards a sustainable and eco-friendly environment
- To instill the habit of tree planting and conservation

Planning and Organization:

The programme was planned and organized by NSS Programme Officers with the support of faculty members.

Preparatory steps included:

- Identification of suitable locations for plantation
- Selection of plant saplings (shade, ornamental, and medicinal plants)
- Arrangement of tools such as spades, watering cans, and manure
- Allocation of responsibilities to NSS volunteers
- Awareness briefing on plantation techniques and plant care

Conduct of the Programme:

The programme commenced with a brief introduction highlighting the importance of tree plantation.

Activities carried out included:

Digging pits at designated locations

Planting saplings across the campus

Watering and nurturing the plants

Placing protective guards for saplings

Educating students about plant maintenance

Placing Information boards about plants

The event was conducted in an organized and enthusiastic manner.

Participation:

NSS Coordinator Smt. K Subhashini Devi, NSS Programme Officers Dr. B Bhavani, Dr. P Murali Krishna, Sri. H Sriram Pavan and Faculty members supervised and guided the activities. A total of 40 NSS volunteers from 5 units took part in the programme. The active participation made the programme successful and impactful.

Role of NSS Volunteers:

NSS volunteers played a key role in:

Organizing and executing the plantation drive

Planting and maintaining saplings

Spreading awareness about environmental conservation

Ensuring proper care and protection of plants

Motivating other students to participate

Types of Plants Planted:

The programme included planting of various types of saplings such as:

Shade trees

Flowering plants

Ornamental plants

These plants contribute to improving biodiversity and campus aesthetics.

Outcomes of the Programme:

The plantation programme resulted in:

Increased greenery within the campus

Enhanced awareness about environmental protection

Development of responsibility among students

Promotion of eco-friendly practices

Improvement in campus environment

Conclusion:

The Plantation Programme conducted by NSS on 17th March 2026 was a great success. It created awareness among students about the importance of trees and environmental conservation.

The programme reflected the commitment of NSS volunteers towards building a greener and sustainable future, upholding the motto “Not Me But You.”
